

ProNet Promotions

ProNet Promotions is an e-Marketing Solution for your buying group to proactively promote preferred supplier programs to your members, resulting in increased participation and program sales. Cost-effectively create and distribute professional promotions by e-mail today...

Group Marketing & Promotions

ProNet Promotions is a group marketing & promotions builder, which utilizes e-mail to distribute high-impact e-Marketing pieces to your member companies. E-mailing your promotions can save on postage costs and immediately grab the attention of your member's purchasing agents. You buying group can increase program sales volume, member participation, and overall rebate dollars by simply increasing supplier program awareness. Buying Groups that have also purchased the ProNet Marketplace application, can embed "Buy Now" links within the e-mails to facilitate immediate impulse purchasing of products & services offered by your "online" supplier trading partners.
