

ProNet Reports

ProNet Reports is a sales analysis & reporting platform designed specifically for buying group managers and administrators to quickly access, review, monitor, and report-on vendor program sales and individual member purchases. Enhance your management decision-making capabilities and negotiation skills by knowing the facts today!

ProNet Reports provides a collection of pre-defined and configurable reports designed specifically for buying groups to obtain timely access to key sales and purchasing data. The reporting platform supports group-wide rollup and detailed drill-down functionality, enabling your management team to quickly and easily access important performance results while in the office or on the road. You can define group goals and monitor the results. Your executives can monitor the health of the group and individual members instantly, via a configurable executive dashboard complete with charting displays. **Call today for a free no-obligation demo of ProNet Reports...**
